

TBR-12&2455

For 1.2 / 2.4 GHz Selectable

Portable RF Sender/Receiver Kit

Feature

Wired covert cameras double its value when work in conjunction with Portable Wireless A/V Transmitter & Receiver Kit and become wireless cameras.

Brilliant looking & Rugged design made by Mag-Aluminum alloy housing, compact enough to carry & great solution for heat sink

Both Transmitter & Receiver utilizes 2200mAh ultra high capacity removable standard FUJI camcorder lithium battery

Single general stereo jack socket on transmitter for A/V signal output and power supply, hassle free on cable plugging

Friendly operated by power/charge LED & low-batt. vibration alert while along with the easy CH-Dip-Switch via equipped sticker tool

Specification

Tranmitter

Item Number	TB-1255CK & TB-2455CK
Frequency Band	1.2 & 2.4 GHz
Available Channel	6 CH's @ 1.2 GHz / 8 CH's @ 2.4GHz
Output Power	500 mW
Battery	2200 mA / 3.7 V Lithium
Battery Charge Time	120 Minutes
Battery Life Time	2 Hours
Weight	65 g
Dimension	78x66x15 mm

Receiver

Item Number	RX-1280BCK & RX-2480BCK
Frequency Band	1.2 & 2.4 GHz
Available Channel	8 CH's
Antenna	3 dbi SMA Detacheable
Battery	2200 mA / 3.7 V
Battery Charge Time	120 Minutes
Battery Life Time	3.5 hours
Weight	135 g
Dimension	110x70x20 mm
