

## Portable monitor/recorder 4K/FULL-HD, 7" IP65 - Reinforced

New 7-inch waterproof monitor for indoor and outdoor work, offering 4K/Full-HD recording function depending on the camera.

Very easy to use, it also allows to control the light intensity of the LEDs on our compatible cameras.

Ideal for industrial applications.

Its high brightness and wide viewing angle provide comfort during operations.

It features a highly responsive touchscreen, measurement functions, digital zoom, and photo/video recording.
