

HMI and display unit monitor industrial grade 19"

Available with VGA - DVI - HDMI – BNC

Allwan Security, a specialist in field and industrial video systems for over 25 years, offers a 19" high-resolution monitor designed for industrial environments.

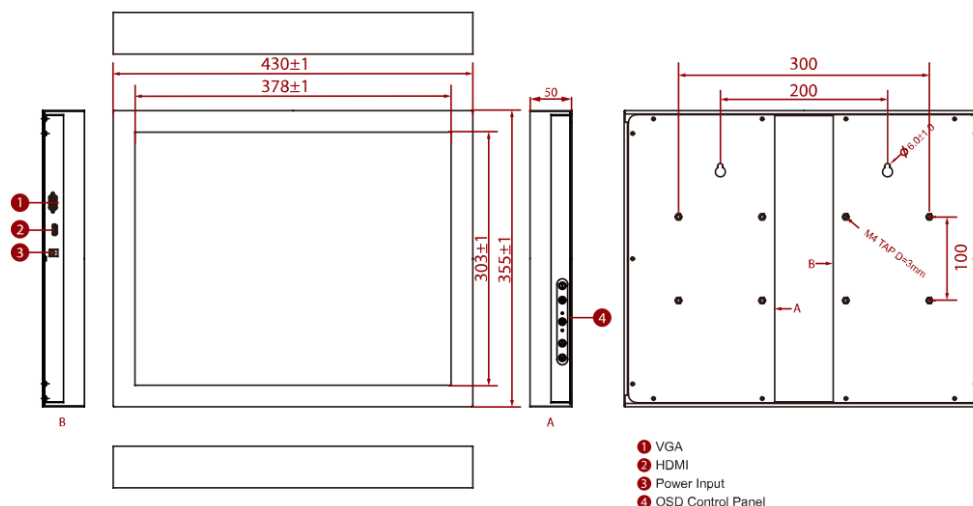

This monitor stands out for its durability, excellent image quality, and long lifespan. An optional shockproof glass provides extreme resistance under all conditions, making it ideal for demanding industrial applications.

Caractéristiques Techniques :

MO1019 - 19" Industrial Hardened Monitor	
Screen size	19 inches
Screen/Glass	Optional resistive touch screen, protective glass (optional), Touch SAW (optional)
Resolution	1280x1024
Panel brightness	300.0 nits – Optional SunLight 1000cd/m ²
Contrast ratio	2000:1
Viewing angles	89°, 89°, 89°, 89°
Colors	16.7 million colors
Active area	376.32x301.06 mm
Humidity	10% to 90% RH, non-condensing
Operating temperature	0°C to 50°C
Storage temperature	-10°C to 60°C
Certification	CE, FCC
USB port	1 x USB for touch screen
Video ports	1 x VGA, 1 x HDMI (optional), 1 x DVI (optional)
Audio	Audio input (3.5mm) (optional), 2 x speakers (optional)
