

MO1017IP

Stainless Steel display unit 100% waterproof IP67, shocks vibrations – 17"

Available with VGA - DVI - HDMI – BNC input

Allwan Security, a specialist in field and industrial video systems for over 25 years, announces its 17" high-resolution monitor, made of stainless steel and waterproof IP67 on all sides.

Perfectly suited for food processing, industrial, salt, and chlorinated environments, it will impress you with its robustness, image quality, and long lifespan. The anti-vandal glass ensures extreme resistance in all conditions.

Technical specifications :

MO1017IP – Reinforced 17" all weather conditions SST monitor	
Model	MO1017IP
Screen Size	17 inches
Resolution	1280 x 1024
Display Area	337.92 x 270.34 mm
Panel Type	LCD (optional 5-wire resistive touch)
Optical Bonding	Optional
Brightness	1000 cd/m ²
Contrast Ratio	1000:1
Viewing Angles	85/85°/80°/80°
Connectivity	VGA, DVI-D, HDMI, composite video (to be defined)
Waterproof Connectors	Supplied with a standard 2m cable
Protection Rating	IP67
Other Features	Fanless system
Operating Temperature	0°C to 45°C
Storage Temperature	-20°C to +60°C
Humidity	10% to 90% (Non-Condensing)
Material	316 Stainless Steel
Dimensions	418 x 350 x 60.4 mm
Mounting	Rear, VESA 100
Power Supply	12V DC 2A (Optional 24V DC)
Certifications	CE, FCC

Description

- 316 stainless steel chassis
- Hardened panel with high shock resistance
- Composite BNC, VGA, DVI, or HDMI input
- Waterproof IP67 on all sides
- VESA 100 mounting pattern
