## IP68 video camera - AHD,CVI,TVI and analogue CVBS PAL

### Full HD 1080p – White leds up to 10m

Allwan Security manufacturer of submersible and industrial cameras for more than 20 years, introduces its UW-3200HD, especially designed for boat surveillance, and industrial application.

Discover the Full-HD video quality in industrial underwater video cameras, in a rugged housing in stainless steel for a cost-effective product.

The Full-HD video resolution offers a razor-sharp video quality and the antifog image enhancement improves the image in fog, rain or turbid water.

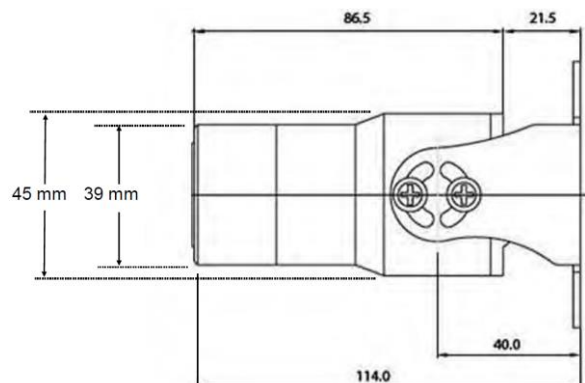

The 15 white Leds can illuminate up to 10m in the total darkness.

The Leds luminosity is dimmable using the provided rotary button, monitoring side.

This camera is delivered with a 20m extension cable and can have up to 100m.
