

MO1015IP69

15 inch Stainless Steel display unit 100% waterproof IP69K

Options : Capacitive Touch-Screen, HDMI, Optical Bonding, High Brightness

The 15" high-resolution MO1015IP69 monitor is built with an AISI 316 stainless-steel chassis and offers full IP69K protection on all sides.

Designed for installation in environments requiring frequent decontamination with water jets and industrial detergents, this reinforced display is the ideal tool for monitoring operations in sensitive areas.

Take advantage of the optional touchscreen to turn it into a true HMI component.

The optional 1000-nit high-brightness panel and optical bonding make the MO1015IP69 suitable for outdoor use

Technical specifications :

MO1015IP69 – IP69K Reinforced 15" industrial SST monitor	
Model	MO1015IP69
Screen Size	15 inches
Resolution	1024 x 768
Display Area	304.10 x 228.10 mm
Panel Type	LCD (optional capacitive)
Optical Bonding	Optional
Brightness	300nits – 1000nits optional
Contrast	2000:1
Viewing Angles	88/88°/88°/88°
Connectivity	VGA – HDMI optional
Protection Rating	IP669K
Other Features	Fanless system
Operating Temperature	0°C to 45°C
Storage Temperature	-20°C to +60°C
Humidity	10% to 90% Non-Condensing
Casing Material	316 Stainless Steel
Dimensions	378x301x56.2 mm
Mounting	Rear, VESA100
Power Supply	12V DC 2A
Certifications	CE, FCC

Description

- AISI 316 stainless-steel chassis, IP69K waterproof on all six sides
- Hardened, high-impact-resistant panel
- Flat front surface for easy cleaning
- VGA or HDMI input
- VESA 100 / YOKE mounting pattern
- Rigid cable-routing conduit
