The monocular Viewfinder PTZ allows you to set tactical cameras settings.
Resolution 800X640p - Discreet Night Vision
Designed for law enforcement agencies in order to set up cameras in extreme conditions.
It will allow you to set the camera quietly and efficiently.
Avoiding the reflections of traditional screens.

Tactical PTZ monocular with colour video feedback.
Very practical last generation device.
This tactical monocular is mainly used by field units.
It works the same way as an analogue control monitor coupled with camera control.
