RACK1U19-FD

Folding screen upside down

In drawer for server rack
Resistant to shocks and vibrations

ALLWAN
VIDEO & SECURITY SOLUTIONS

DESCRIPTION

- 19''
- Small footprint 1U
- Anti-shock and anti-vibration
- Wide range of video inputs available
- Optional 9-36VDC power supply
- Optional touch panel

The 19" RACK1U19FD industrial monitor flips up against the frame.
like a car sun visor, taking up only 1U of space in a server rack.
It provides a compact solution that significantly minimizes clutter in server cabinets.

Tested for shock and vibration, this display interfaces easily in mobile 19" field vehicles or racks.

Technical Speci fications

REFERENCE	RACK1U19-FD
